GOVERNMENT & POLITICS— BACHELOR OF ARTS

Updated 5/1/2205

Quantitative Skills Courses

GVPT and GVPT-IR (BA) students must fulfill the Quantitative Skills requirement with a course from the list below. Students in the GVPT- BA (non-IR) program may also choose a second course from this list to fulfill the Additional Skills requirement. GVPT-IR students must take an Intermediate Foreign Language course to fulfill their Additional Skills requirement.

Students may <u>not</u> use their math benchmark course to fulfill any of the skills requirements. GVPT courses used to satisfy a skills requirement may <u>not</u> also fulfill a GVPT course of choice.

Many of these courses have prerequisites and other restrictions. <u>It is the student's responsibility</u> to proactively review course descriptions to confirm courses they register for are not duplicates of courses they have already completed.
