MESSAGE FROM THE DEPARTMENT CHAIR

Welcome Back! As we gear up for another year, I wanted to take a moment and express my need for your involvement in the full range of department activities. We have a lot of things going on throughout the semester, and at times it can be a bit overwhelming. Even so, your support, participation, and input has been crucial in molding the department we have today and the department we hope to have tomorrow. Thanks, in advance, for being an active member in the life of the department.

I wanted to highlight that Professor Frances Lee won the Distinguish Scholar-Teacher award last year. Please keep an eye out for emails announcing Professor Lees's talk on September 22 in the Special Events Room (6137) at the McKeldin Library. The title of her lecture is "Insecure Majorities: Congress and the Perpetual Campaign." I hope everyone can make adjustments to their schedules to join us.

I also want to congratulate Jennifer Hadden on her selection as the Dr. Horace V. and Wilma E. Harrison Distinguished Professor for the 2016-17 academic year. Great job, and good luck with your research this year.

Finally, some sad news. Mike Mansfield left GVPT over the summer to start a new job in the main office of the College of Engineering. Also, Kathryn Weiland who was one of our undergraduate advisors has also stepped away this summer to become the Assistant Director in the Undergraduate Office of the Department of Electrical

and Computer Engineering. We are in the process of filling both positions and we expect to do so on the near future.

Professor and Chair

MESSAGE FROM THE DIRECTOR OF GRADUATE STUDIES

I look forward to working with Ann Marie, the graduate students, the faculty, and staff during 2016-17 as we continue to strengthen our outstanding program. Please stop by to see me in 1115B/D Tydings Hall or contact me at mhanmer@umd.edu.

Mentorship meetings for the 2nd and 3rd year students are underway. I look forward to reading the progress reports.

Our outstanding group of incoming students just completed math camp and orientation. Please join me in welcoming our new first year Ph.D. cohort:

Sara Browning (AP)
Kung-Chen Chen (IR)
Kainan Gao (CP)
Ming-Hsuan Lin (IR)
Nicholas Miras (AP)
Kristen Ramos (IR)
Alauna Safarpour (AP)
Tiago Ventura (CP)
Xiaonan Wang (CP)

Congratulations to the following new (August) UMD Ph.D.s:

Carla Abdo
Ping-Kuei Chen
Blessing Enekwe
HoYoun Koh
Jeronimo Torrealday
Peter White
Martin Elissetche

Have a great September.

Mike Hanmer
GVPT, Director of Graduate Studies

MESSAGE FROM THE PLACEMENT DIRECTOR

Welcome to the start of the new academic year. I look forward to working with the graduate students as they navigate the job market.

As Placement Director, I am here to help with any issues related to job searches and career planning more generally. Please feel free to ask me questions about any aspect of the process – from thinking about what type of job to pursue, to applying and interviewing, to seeking job outside academia. I am happy to comment on CVs and job application materials.

For students not yet on the market, don't wait to ask your questions and learn about the process.

Anyone on the market this year who receives an invitation to interview should immediately contact me to arrange a practice job talk.

Maryland has recently placed graduate students at top departments for tenure-track jobs and post-docs, and I look forward to helping to continue this trend.

Good luck!

Kathleen Cunningham
Director of Placement

MESSAGE FROM THE DIRECTOR OF UNDERGRADUATE STUDIES

Welcome to the Fall 2016 semester! We hope that you enjoyed your summer break and look forward to seeing everyone in the fall. Below are several important announcements regarding undergraduate advising and courses.

Advising Office Contact Information

The first two weeks of the semester is a busy period for both faculty and students. During schedule adjustment, students often have questions about their schedules and course work. Our advisor, Jillian Santos, is here to help! Jillian can be contacted at jsantos5@umd.edu or via phone at (301) 405-4142.

GVPT Blog

Want to reach out to our undergraduate students? Do you have an academic or research opportunity you would like to announce? Post it on our [GVPT undergraduate blog](#)! Send announcements to gvptadvising@umd.edu.

Course Registration Policies

The following restrictions apply to Government & Politics courses:

- 400-level GVPT courses are restricted to GVPT majors only.
- The department does not oversubscribe students into courses that are full. The department follows the waitlist policy strictly.
- Non-GVPT majors may only take 1 GVPT course per semester (100-300 level). GVPT majors may only take 3 GVPT courses per semester.

Waitlist and Holdfiles

Seats on hold

You may notice that GVPT courses listed on Testudo have slightly smaller seat totals than usual. This is because the department has kept a few seats reserved in each course in case of advising emergencies. On the first day of classes, all seats will open up, so the first few students off the waitlist will likely get a seat in the course.

What is a waitlist or a holdfile?

The waitlist is the virtual "line" to get into the class. As a seat becomes available, the first student "in line" will earn that spot. The department follows the waitlist strictly - students can't cut in line by being oversubscribed. The holdfile is similar in that it is a line for the course; however, the holdfile is for students who do not meet the initial qualifications for the course. This could be that they are not GVPT majors, do not have enough credits, or do not meet some other restriction. After the first day of classes, the holdfile merges with the waitlist---students who are on the holdfile are put at the end of the waitlist line.

If you have any questions about these policies, please contact Karmin Cortes at kcortes@umd.edu.

GVPT GRADUATE STUDENT ASSOCIATION

The Graduate Student Association (GSA) represents graduate student interests, serves as a liaison with faculty and the administration, provides a forum for discussing ideas and organizing programs that benefit graduate students, deals with any issues that grad students may face, and helps build a sense of community in the department. We will be holding monthly meetings that will be announced via email to all students.

GSA participated in orientation on August 24, welcoming incoming students to the program, and offering a peer advising session to help new students learn from the experiences of current students.

The first meeting will occur in the second week of September. We will survey the students before scheduling the exact date to find a time convenient to as many as possible. At our first meeting, we will take nominations of incoming students who are interested in serving as First Year Representative(s) and further identify student priorities for the upcoming year.

Among this year's priorities, GSA plans to help new students understand the program timeline and to link research interests with professional development. We will also continue previous successful initiatives of student-led research workshops and methods workshops, as well as further institutionalising GSA social events. If you would like to get in touch with the GSA Co-Chairs, Tegan George and Sean Rao, you can contact them at tgeorge@umd.edu and seanrao@umd.edu.

STAFF AND ADMINISTRATION

MAKE-UP EXAMS (Proctoring)

The main office staff does not proctor or oversee make-up exams. Make-up exams will not be held in the GVPT main Office Conference Room.

RETURNING STUDENT PAPERS

The main office staff does not collect or return student papers. If you want to provide a pick-up service, give the students a time when you will be in your office for them to pick the papers up. Leaving papers out for the students to flip through is a violation of student privacy. The best suggestion is to ask the students to provide a self addressed and stamped envelope and you will return the papers to them.

INSTALLING Personal Network Devices IS PROHIBITED

Please refrain from connecting your own networking devices to the campus network. Not only is this a violation of the Policy on the Acceptable Use of Information Technology Resources (<http://www.nethics.umd.edu/aup/>), but also could cause much disruption to you, your colleagues, and our students. Such disruptions may be as serious as multi-building wide network outages (i.e., entire building data and voice services become unavailable).

If such a device is found on the network (i.e., a wired or wireless device that can hand out IP addresses) the device owner will be referred to the Division of IT's Security Office and their device will be confiscated.

If you have needs that you feel the campus network cannot fulfill, please contact OACS. We will work with you and our network and security offices to devise a networking solution that works for you, yet is in compliance with the campus' security rules and regulations.

FIELD UPDATES - WORKSHOPS and SEMINARS

AMERICAN POLITICS FIELD - WORKSHOPS and SEMINARS

The American Politics Workshop is a bi-weekly research colloquium for faculty and graduate students. The workshop constitutes an ongoing research community where participants present and discuss papers in an informal, supportive environment. Papers are made available via the workshop website in advance of our meetings, and participants are expected to have read them. Discussion leaders are assigned on a rotating basis, matching papers with discussants who share complementary research interests. Many of the papers presented in recent years have gone on to publication in top tier political science journals.

The workshop is especially beneficial for our graduate students. It provides an excellent opportunity to interact with the American Politics faculty outside of the classroom and, for advanced graduate students actively engaged in scholarly research, the workshop can also be an invaluable source of professional advice. The American Politics faculty strongly encourages all of our graduate students to regularly participate in the workshop.

The AP Workshop website is: <http://www.gvpt.umd.edu>. Click the research tab and then select the American Politics Workshop.

Workshops are held from 11-12:30pm at the locations listed by date. While the workshop focuses on issues in American politics, all faculty and graduate students are welcome to attend.

Fall 2016 Workshop Schedule:

COMPARATIVE POLITICS FIELD – WORKSHOPS and SEMINARS

Throughout the course of the semester we will hold periodic gatherings for the comparative field, including social events, speakers, and special topic seminars (e.g. how to do research in the field, how to get grants to go overseas). The comparative subfield is putting together a stellar lineup of guest speakers for the Fall. Although the Comparative Politics Workshop focuses on comparative politics, all faculty and graduate students are welcome to attend.

Fall 2015 Workshop Schedule:**12-Sept****“Meet and Greet”****2113 Chincoteague****Spring 2016 Workshop Schedule:****TBA****INTERNATIONAL RELATIONS FIELD/CIDCM – WORKSHOPS and SEMINARS**

The international relations workshop brings together faculty and graduate students with an interest in international relations. We invite faculty and graduate students to discuss their latest research; present papers in progress, with a formal discussant; present information for professional development; and invite guest speakers. Students are strongly encouraged to attend and we would also like to see some students present their own work in the workshop. Working papers will be posted on the IR Workshop website at www.gvpt.umd.edu, click on the Research tab and then open the IR workshop schedule as they become available.

Students could present dissertation work or a conference paper. Students interested in presenting their work or would like to act as a discussant should contact Todd Allee at tallee@umd.edu.

Fall 2016 Workshop Schedule:**7-Sept****“Meet and Greet” – 1109 Chincoteague, 10-11:00am****More to come.****POLITICAL THEORY FIELD - WORKSHOPS and SEMINARS**

Please watch for emails and newsletters for panels as we schedule them. All graduate students and faculty are welcome, especially those with some interest in wars and/or game theory. A lot of really clever work has been done recently in this area. So even if you don't care at all about wars, and couldn't care less about game theory, you should come just to find out what is going on.

For more information contact Professor James Glass jglass1@umd.edu.

POLITICAL METHODOLOGY & FORMAL THEORY FIELD - WORKSHOPS and SEMINARS

For information and details of the Political Methodology and Formal Theory Field, please contact Professor David Cunningham dacunnin@umd.edu.
